

ALD 2016 Ireland

Stephan Wege
Managing Director
plasway-Technologies GmbH

Stephan Wege has 25 years' experience in the field of plasma etching and microelectronics. He worked for Siemens, Infineon and Qimonda between 1994 and 2009.

Since 2009 he has been an independent consultant (plasway consulting) in this field. In 2015 plasway-Technologies GmbH was founded by Mr. Wege with an additional focus on development, simulation and production of critical chamber parts and complete solutions for Plasma ALD and Atomic Layer Etching.
